

Assessment Workshop

Wednesday
July 20, 2011
12-4pm

Bring your own lunch!

Attention EI & Preschool Evaluators and Providers!

Does the 30-day timeline for initial preschool evaluations feel really short to you?

Do annual reviews create a stressful spring?

*The **Assessment Workshop** will offer the opportunity to gather with your peers to review the strategies that we all use to reach common goals in the CPSE process.*

The workshop will focus on:

- ✓ increasing consistency of gathering valid information and reporting it to the districts
- ✓ streamlining the communication between Chairs and Providers/Evaluators regarding the District expectations for reports and recommendations
